and run thence through sound hose, fitted with secure self-closing cock and nozzle into the tanks of locomotives, or

(*b*) pumped through strong metal piping by means of approved pumps into an above ground service tank of approved capacity, fixed in an approved position, and run thence through strong metal piping into measuring tanks of a capacity not exceeding 30 gallons fixed in approved positions, and thence through sound hose, fitted with secure self-closing cock and nozzle, into the tanks of locomotives, or

(*c*) pumped by means of approved measuring pumps, fixed in approved positions, through sound hose, fitted with secure tap and nozzle, into the tanks of locomotives.

5. All tanks pumps, pipes and fittings shall be strongly constructed of the best materials.

6. The petroleum shall enter the tank " under seal " and all tanks shall be fitted with a vent pipe leading into the open air, the open end being covered with brass gauze 32 mesh and fitted with a hood or the open end shall be fitted with an inlet valve and on exhaust valve.

7. If the licensing officer call upon the holder of a license by a notice in writing, to execute any repairs to the storage premises, which may, in the opinion of such officer be necessary for the safety of the said premises, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice as may be fixed by the notice.

8. The tank before being repaired shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same. When a tank in position is open for cleaning or repairs, no lamps of any description either ordinary, electric, electric torches or electric cables or electric fans shall be brought near the manhole of the tank (the inside of the tank may be lighted by the use of mirrors).

9. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to anyone who has not a license under section 5 or section 6 of the Regulation.

10. All due precautions shall be taken for the prevention of unauthorised persons having access to any petroleum kept and to the vessels containing or having actually contained the same.

11. Every person managing or employed on or in connection with the storage premises shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary and shall prevent any other person from doing such act. No fire or naked light shall be allowed to burn and no smoking or the lighting of any match shall be permitted within ten feet of a kerbside pump.

12. The storage premises shall be liable to inspection by an officer not being of lower rank than a Sub-Inspector of Police authorised by the Government in this behalf.

13. This license shall be held to cover the use of a portable kerbside pump outfit for a period of not more than one month in the place of the licensed permanent outfit in the event of the latter being out of order provided notice in writing is given to the Director of Industries and Commerce before the portable pump is taken into use.
